

LOCK-JAW

BARBELL COLLAR

Product Specification Sheet

Update: Oct 2010

Lock-Jaw Pro (# LJC-PRO)

2" / 50mm Olympic Barbell Collar

- Solid nylon injection molded frame
- Locking Snap-Latch
- One-hand installation and removal
- Innovative simple design
- Exceptional durability
- Best choice for **Crossfit** workouts!
- Fits all Olympic barbell sleeves (2")

The **Lock-Jaw Pro Barbell Collar** is specially designed for **Bumper Plate** use, **Olympic Lifting**, and **Crossfit** workouts. Like the original Lock-Jaw, The Lock-Jaw Pro barbell collar features a solid-core nylon resin frame and injection molded pressure pads, making it *nearly unbreakable!* One hand installation and removal is easy with the large locking lever. A permanent spring snap-latch keeps the collar secured on the bar through the most brutal workouts. The latch is easily released with one hand when changing weights.

Innovative design, superior durability, and exceptional performance make the **Lock-Jaw Pro Barbell Collar** an excellent choice for **Crossfit** and all **Bumper Plate** workouts! Lock-Jaw Pro collars will help prolong the life of your bumper plates by keeping them secure throughout your workout!
